

Responsive Care

*Living Your Life,
Your Way!*

Mi Casa Care supports independent living empowering you to

live Your life, Your Way!

As one of the UK and Spain's first and leading Care Quality Commission (CQC) registered digital assistive technology providers Mi Casa Care can support you to live a *safe and independent life through the wonders of technology!*

Each and every one of us are different. We have different needs, abilities, budgets and circumstances which means that the care and support we have reflects all these.

Responsive Care

A Care Solution that really works!

With Responsive Care at Mi Casa you have access to care and support for a variety of tasks 24 hours a day, 7 days a week at a touch of a button!

With an innovative approach care is provided via our award winning assistive technology through to our friendly local call monitoring centre. We can then arrange the help you require and get one of our experienced and qualified Community Care Responders to visit you within the hour!**

**Please contact us to see if we cover your area.

How can Responsive Care be used?
